

## **VOLUNTEER**

*We coordinate workshops and work parties appropriate for all ages and abilities. Build skills while helping your community.*

## **JOIN**

*Contribute a minimum number of hours per month and collaborate with us to grow and harvest produce for yourself and others.*

## **LEARN**

*Schedule a field trip of service learning opportunity for your school, organization, or business. Come learn about our orchard, vegetable beds, and compost demonstration site!*

## **SUPPORT**

*Help the garden by donating supplies or money, or inviting us to community events.*

*For more information, please contact Sue Domingues at:

400 SW Western Blvd  
Corvallis, OR 97333**

*Building Skills*

*Growing Food*

*Nurturing  
Community*

*Creating  
Opportunities  
for Youth*

*The PRODUCE FOR THE PEOPLE garden grows fresh nutritious food for low-income individual and agencies while providing opportunities for gardeners of all ages to grow, learn, and contribute to community.*

*At PRODUCE FOR THE PEOPLE, volunteers work together in a 10,000 sq. ft. garden that originally began in 2011 as a two year project at Oregon State University. Researchers collaborated with low-income young adults to document the impact of the garden on health. Now, volunteers are working to make the garden a sustainable program.*
